PUZZLE PLANET

WARM-UP ADVENTURE PUZZLE PACK

AGED 6-9

Magnet Bytes™ presents

Hi, I'm Tiny Tinker!

Written & Illustrated by A N

Since you're new here, I made you this free 4-puzzle pack myself - the same kind of puzzle magic waiting inside my real book, built fresh just for you.

HONEST NOTE

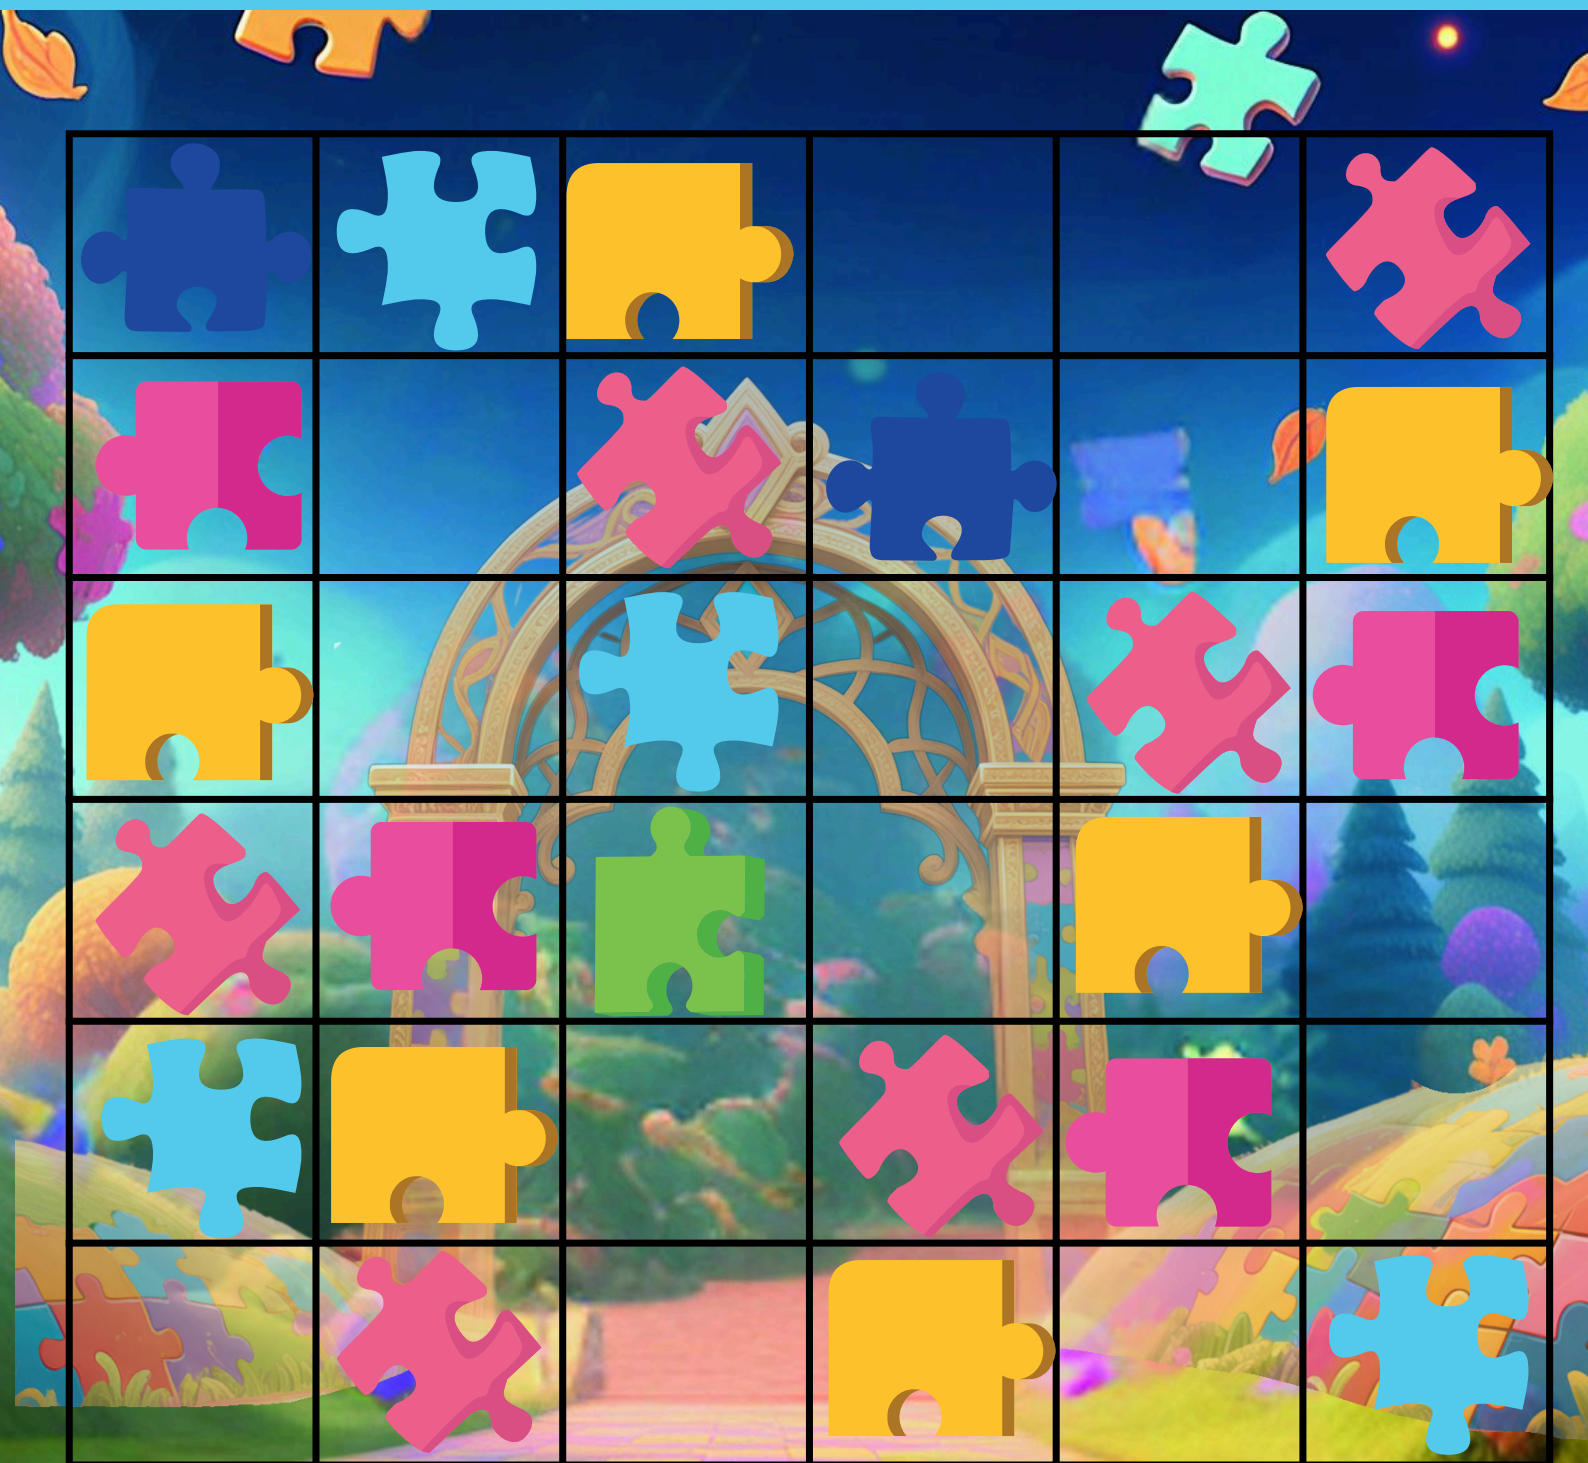

These aren't pages pulled from the book - I didn't want to spoil your first real read. So think of this as a genuine warm-up: new puzzles, same Puzzle Planet spirit, not a single page of the real story spoiled

MIXIE'S BEEN MIXING—CAN YOU SPOT 10 DIFFERENCES?

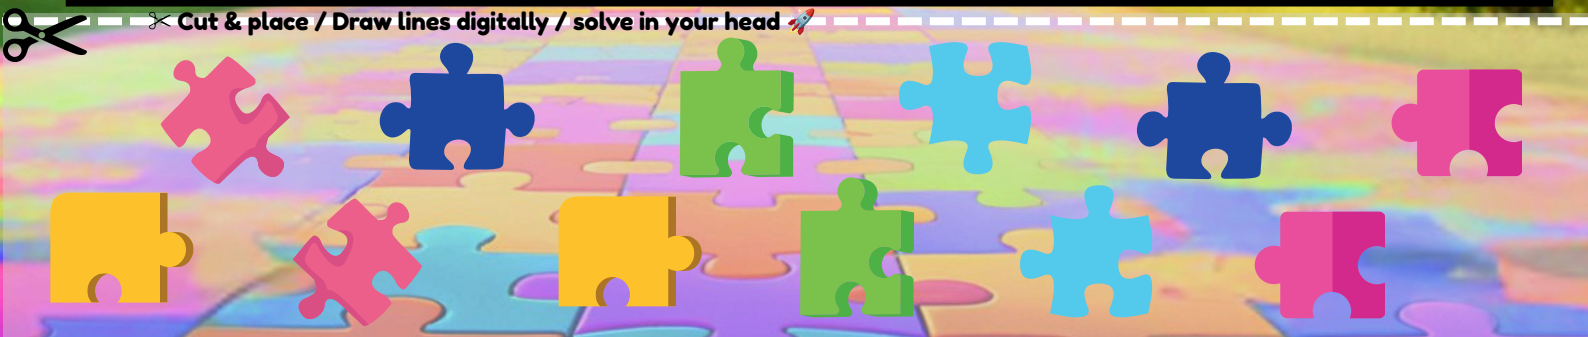

**OH NO! MIXIE MISCHIEF HAS SWIPED SOME OF THE COLORFUL

PATH IS INCOMPLETE!**

SOLVE THE SUDOKU TO PLACE THE MISSING TILES AND HELP TINKER CROSS SAFELY BEFORE THE FLOOR GIVES WAY!

✂ Cut & place / Draw lines digitally / solve in your head 🚀

HELP TINY TINKER FIND THE WAY HOME!

Hi, I'm Tiny Tinker! Connect my dots, color me, design my suit, and pick an adventure of your own! I'm YOUR puzzle planet buddy - I'll explore the stars with you forever!

Make Tinker uniquely YOURS! Give your special touch - color digitally or by hand after printing. Design a brand-new space suit, a shiny helmet visor, or a secret gadget on the belt. Draw Tinker's next adventure, a home planet, or a new alien friend alongside! This is YOUR version of Tinker - for you to take anywhere you can imagine!

This Was Just a Warm-Up.
The Real Adventure Hasn't Even Started!

- Tinker

These puzzles were brand-new, made just for you – not a single page from my real story. The real adventure – how I crash-landed on Puzzle Planet, and every bit of mischief Mixie's caused me since, with every puzzle woven right through it – is still waiting for you, untouched, page one.

I hope these puzzles gave your family a taste of the same "I like tricky!" spirit that's in every page of the real book.

– A N, Magnet Bytes™
